## BMWRO So. Oregon May Ride

*photo by Dan Hall*

The May Southern Oregon ride started at Hansen's BMW dealership's annual open house. Who can pass up a free hot dog and cookie? Eight of us checked out all the new bikes along with a few hundred riders from around the area enjoying the open house. We also learned some sad news, that Hansen's is losing the Ducati franchise just after having lost the Triumph franchise this past winter. They will soon be exclusive BMW. I don't understand Ducati's and Triumph's thinking, how can having no sales and service in So. Oregon be better than having a great small dealership? So much for loyalty to your customers.

After lunch seven of us rode up to the Mt. Ashland ski lodge taking the old twisty highway to the top. What a great road and ride. After a brief stop to check out the views, Steve led us down a 12-mile dirt road into Ashland. This was new to me and had great views of the city and valley below along with views of Immigrant Lake. At town we all split up and headed for home. It doesn't get much better than Southern Oregon for bike riding with such variety close to home.

## Showtime 2015

Well, the 2015 Chief Joseph rally should be about two weeks away, by the time you receive this issue. We have every reason to believe this will be a great year. We have yet to attain the "Perfect Rally" status but we strive to make it better each year. For example the vendors have been given a small financial perk this year to encourage more vendors. Many of the old favorites of the rally such as the John Day area roads, the motorcycle people who come to event each year, the support from the John Day residents and general rally atmosphere will be the same. Overall the rally continues to be thought of a great success for the club.

The rally is a big positive to many groups of people: to our club, the non-club attendees and even to the people of John Day and Grant County. The club members meet, greet, eat, drink, bike and serve others for this weekend (not at the same time of course). I, like many others, use this as a mini vacation, by coming early and staying some extra days. I hear and get emails from non-club riders that we have the best little rally in the area. People rave in our feedback surveys that 99% of the rally is perfect and we continue to work on the remainder. By the way, our club is well represented at the rally with probably around 75% of club there, yet only about 1 in 5 people

at the rally are members. The local economy of Grant County benefits as the local businesses sell extra food, lodging, fuel and other items (beer?) that are bought. We also donate back to local John Day needy and non-profit organizations because of the revenue the event creates.

While all this sounds positive, a big head wind continues to be the economy. It has put the pinch on discretionary spending. I'd bet motorcycles and rallies are pretty discretionary for most people. So we'll have to keep our rally a real value to be what people want to spend their hard earned money on.

And now the pitch for **volunteerism**: we always need more assistance at the rally. Lynne Clark, the rally chairperson, is doing a huge and terrific job. THANKS, LYNNE, AND ALL THE VOLUNTEERS FOR MAKING THE RALLY HAPPEN! If you haven't already volunteered, please contact Lynne at [clarkl@spiritone.com](mailto:clarkl@spiritone.com)/ (503) 860-7227 or myself [bmwro.pres@gmail.com](mailto:bmwro.pres@gmail.com) or one of the many committee chairs to give a hand. Our club's budget relies about 90% on our rally. If you want better events and financial prosperity then lending a hand, however small, is the way to do it.

Before the rally, as club events, we have the **Annual Swap Meet** at Don and Debbie Weber's **Premier Motogear of Oregon** on June 6. Bring those extras parts out, buy some treasures, swap stories, and make some friends as the event is always a low key but highly successful event. Also, on June 27 is the **BMW Bike Show** at the Antique Powerland Museum, Vintage Car & Motorcycle Museum Display Field hosted by Steve & Jan Prokop of **Steve's Bavarian Motorcycle Service**.

Now go out and have a great time at the rally and use those bikes.

Jay

There will be no set time schedule, no fixed route, nobody telling you to do anything but to enjoy your day. With one caveat; we will be gathering again that evening in North Eastern Oregon, probably near Joseph (home of the early Chief Joseph Rallies). No doubt that night will provide input on Wednesday's travels and inspiration for the next day.  
**Thursday 27 August:** Time for some open country blitzing followed by a restful sojourn in the South Central region. The aim is to select spots that are not on your normal itineraries. I've several campsite candidates in mind at this time in the Southern Cascades. Of course, if you have some favorite bivouac that you'd like to suggest, please send it along. The camping plan is still evolving.  
**Friday 28 August:** Now is the chance to have

"some more" as there are many wonderful routes down in the South and West. We don't, as a club, encourage enough riding in this spectacular part of our State. It will be hard to choose between so many excellent alternative routes to our Friday night destination on the North Umpqua.

Event: **Horseshoe Campout near Steamboat**

Date/Time: August 28–30, 2015—Friday–Sunday

Place: Horseshoe Camp Grounds

Description: Shady Trees and a beautiful river

Contact: Roger Paquette [mrgsa02@hotmail.com](mailto:mrgsa02@hotmail.com)

BMWRO is camping at Horseshoe Bend Campsite, August 28-29, 2015. Prior campouts held there were very popular. BMWRO has reserved the **Deer Flat Group** campsite, which is adjacent to Horseshoe Bend.

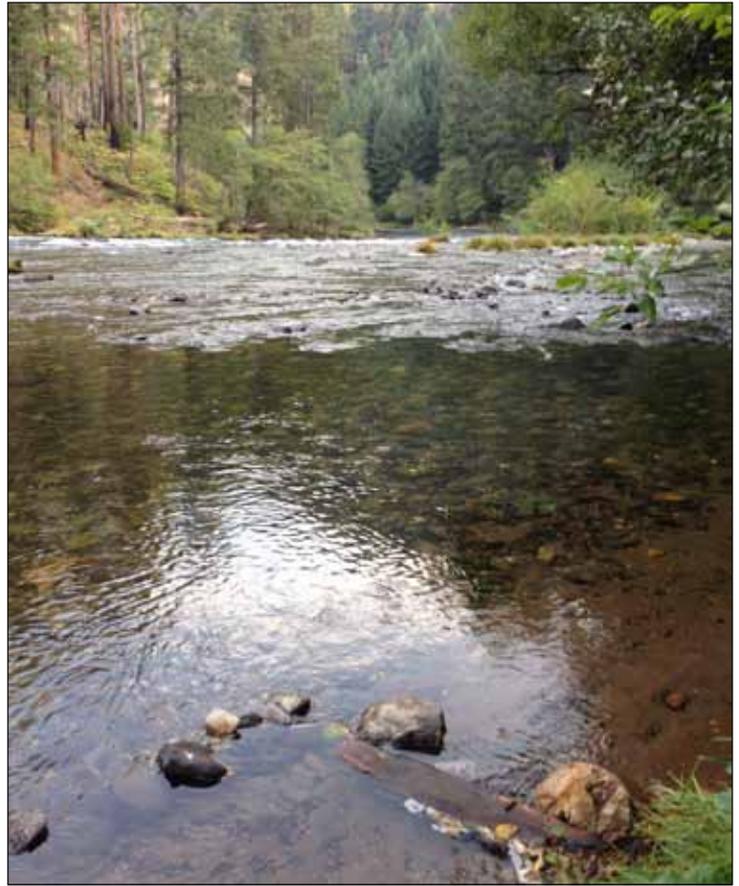

## Directions

Many wonderful roads lead to Horseshoe Bend. The following “official” directions are a great reference point. But, check out alternatives, there are some amazing roads available.

**From Roseburg**, it’s approximately 46 miles: Turn onto OR HWY-138 (aka E/NE Diamond Lake Blvd.) Continue on OR HWY-138 approximately 16 miles until you reach the town of Glide. Upon entering Glide, the North Umpqua Ranger Station will be on your left (You can obtain Umpqua NF information, maps and brochures). There is a Chevron gas station/convenience store (south side of 138) in Glide. Recommend you top up. Gas is available approximately Mile Post 50; again at Diamond Lake and Crater Lake NP, but you pay the tourist rate.

From the North Umpqua Ranger Station (16 miles east of Roseburg on State Highway 138), continue on OR Highway-138 east for 30 miles to **Road #4750** near Milepost 48 (South side). It’s right in the middle of a terrific set of curves! LOL! Turn right on **Road #4750** and right again on **Road #4750-001** (before the bridge). On road #4750-001, you’ll see **Deer Flat Group** site on your right just before entering Horseshoe Bend Campground. Just go up the hill. Site has room for 50 tent campers. There is room for a few smaller self contained RV’s. The site has flush toilets and water available. Bring your solar shower if that’s important!

Horseshoe Bend/Deer Flat is a terrific ride base. Deer Flat is an ideal spot to relax on a hot summer day! It is quiet and away from other campers. Hwy 138 alone is worth the trip—and is also a major route to Crater Lake National Park, a great day ride. Watch your speed! There are dual sport roads throughout the Umpqua National Forest. Tokatee Hot Springs is about 25 miles down the road. Waterfalls are a major attraction on Hwy 138. Brochures are available via the USFS.

## This is a TRADITIONAL HARDY SOUL CAMPOUT

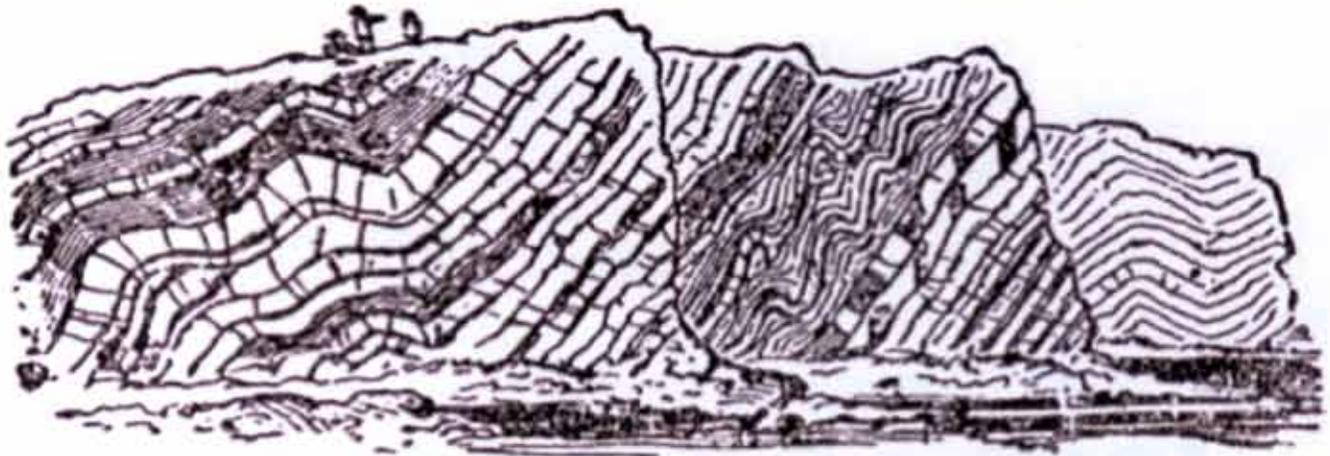

What to bring? Your camping equipment, food and of course BYOB. Food is your responsibility. Saturday evening meal is a pot luck. If you want to participate, bring something of substance to share. There is a fixed barbecue available for campers. You will want to bring your own charcoal. Coordinate with your RV/pickup driving friends to bring food and other essentials.

A small store is about a mile east of Horseshoe Bend. It has regular gas pump, snacks, ice and beer for sale. Steamboat Inn is about twenty miles [+–] west of Horseshoe Bend, excellent cuisine, reservations recommended.

Deer Flat will be open at 3:00 pm (1500 hours) on Friday the 28th. Checkout time is 1000 hours Sunday morning. BMWRO members camp for free, nonmembers **MUST** be sponsored and **IT will cost them \$10.00 a night**. Remember, bring food if you want to eat. I have no GPS coordinates, you should be able to obtain some off Google. If you are coming via RV/pickup, coordinate with fellow members. You can carry more beer than they can!

# 2015 Chief Joseph Rally Call For Volunteers

There are still some rally chair positions that need to be filled. This is an opportunity for you to take a leadership position with the Rally Crew. Give Lynne Clark a call or email to indicate your interest: call 503-235-9451 or email [BMWRO.rallymaster@gmail.com](mailto:BMWRO.rallymaster@gmail.com)

Presently, need folks for the following positions:

**GS, Men's Off Road:** We have a map, easy trail or more challenging. Need someone with off-road experience to lead the ride.

We invite you to join in the tradition by volunteering a few hours this year. Just send an e-mail to one or more of the Committee Chairs indicating a day and time you would be able to help out. Yes, you can volunteer for more than one committee and more than one time frame, if you like.

Can't decide which committee would be best for you? Send the Rally Chair ([BMWRO.rallymaster@gmail.com](mailto:BMWRO.rallymaster@gmail.com)) an email indicating a committee, day/s and time frame/s that would be best for you. And it will be sent along to the Committee Chairs.

Want to wait until you get to the rally? No problem, drop by the information booth, check out the list of needed volunteers and sign up.

The neat thing about volunteering is you get to meet and help lots of people at the rally. You will work alongside experienced volunteers and have the opportunity to make new friends. I know the rally goers will appreciate your time and you will know you helped make this rally a big success. So go on, pick out a couple of Rally Chair Committees that interest you and send them an e-mail, right now.

# Meet your Central Western Region Ambassadors

## Jim Breen, Central Western BMWRO Co-Ambassador

Well, I am now back from my winter migration to Arizona and am happy that I will again be serving as BMWRO Ambassador for the Central/Western region. Here is just a little background for those who don't know me. I grew up in Nebraska and migrated to Oregon in 1977. I attended Creighton University in Omaha where I received a B.S. in Pharmacy. After moving to Oregon, my professional career was spent at Sacred Heart Hospital in Eugene.

My motorcycling began in Nebraska with the purchase of my first bike, a 1968 Honda 305 Superhawk. My move to Oregon was at least partly motivated by my desire to do all the rides I was reading about in the motorcycle magazines of the day "Road Rider" and "Rider". I still have all the issues boxed in my garage. I've owned several more Hondas and "graduated" to BMW's in 1997. I am nearing my 200,000 mile BMW award.

I have recently found the pleasure in participating in club activity with the South Eastern Arizona Touring riders and the BMW Riders of Oregon. As BMWRO Ambassador, I will again be organizing rides on the second and fourth Thursday each month beginning in May. There will also be First Saturday rides each month beginning in June. Please check the events calendar on the BMWRO website for details.

The really exciting news is that we will have a second ambassador for the Central/Western region this year. I would like to welcome **Bob Metzger** as a co-ambassador, as well as his wife **Lindy**. They are both training instructors for Team Oregon and they will be leading rides this season. We are fortunate to have the experience and enthusiasm they will bring to the region this year.

So there it is. Visit the website often.  
*"It's not about the destination, it's about the journey."*

## CW Region Co-Ambassador Ride Report

by Jim Breen

Seven riders including new member Jim McWhirter, enjoyed a typical Oregon spring morning. The temperature was cool and the low clouds, and wisps of fog enhanced the beauty as we rode through the picturesque Loraine Valley. Territorial Hwy and Hwy 38 took us to Elkton where we had a great breakfast at Arlenes Cafe. No one left hungry. After eating we decided to take Hwy 138 along the Umpqua River to Sutherlin. At Sutherlin—after further discussion and a missed turn—we were on I-5 headed home. We decided to save Elkhead Rd for our next ride on

## Bob Metzger, Central Western BMWRO Co-Ambassador

I originally hail from Illinois where, much to the disappointment of my father, I began riding motorcycles at the age of 16. My educational background is an Associate's Degree in Natural Science from the College of Lake County in Illinois. I went on to receive my B.S. and M.S. in Geosciences from Northern Illinois University in DeKalb, IL.

Upon graduation, I have held various positions within the exploration and production geosciences arena for both Amoco Production Company in Texas, and with BP Alaska for twenty-five years. After retirement from the oil industry, my wife Lindy and I started a small coffee roasting business in Wisconsin, which we enjoyed for 7 years before full retirement. We moved to Oregon in 2009 (on bicycles), and we both became instructors for the Team Oregon Motorcycle training after experiencing the benefits of this outstanding program!

Lindy—the best wing “man” ever!—is a fitness instructor at the University of Oregon. We have two grown sons, Matthew and Jacob, who currently reside in Colorado and Alaska, respectively.

In closing, my personal maxim is: *“You can always make more money, but you can't make more time.”*

Roll on

May 28th when we will have breakfast/lunch at Tolly's in Oakland. This is another great road on the east side of I-5 so, see you then.

# NW Ambassador's Ride Report – May 2015

David Peterson #90113  
Susan Ortiz-Renteria #106802

A forecast of 80°? Westward bound for the coast? The promise of a meal in Astoria's budding brew pub district? We're not sure what the draw was, but when the clock struck 9:45, no fewer than 19 riders on 16 bikes rolled out of the Tigard BMW parking lot. Who, you ask? Well, **David and Diane** led, followed **Frank Boyle, Linda Boyle, Kim Dorsing & Janice Mathern, Ric Holderbaum, Scot Lamper, Colin Luther, Neal Malagamba, René Renteria, Mike Ripley, his son Justin, Louie Robida & his passenger/wife, first-timer Karen Robida, Gary Thye, Marv Wollmoth, and Steve Woodward**. Once again, **Susan** swept in her inimitable way. Forty minutes later, like clockwork, **Carol Lamper** joined the conga line as it passed through Banks.

OR-202 through Mist and Jewell is really the only way to get to Astoria from Portland. There are faster ways, but none more scenic and twisty. Lunch was a compromise. We had our hearts set on Buoy Beer, the new brewery/bistro on the pier at 8th Street. But Astoria is hopping these days and reservations for 20 were a pipe dream. So we opted instead for the Fort George Brewery, about 3 blocks from the water. We were pleasantly surprised with a top-floor table that offered a sweeping view of the Columbia.

A few peeled off after lunch, leaving 15 of us to cross the Astoria Bridge into Washington. Unusual diversions on the Washington side ride back included South Valley Road near Naselle, the Barr Loop Road

near Gray's River, and Elochoman Valley/Beaver Creek Roads north of Cathlamet. Back in Oregon, the group had dwindled to 9. Before departing, all agreed, there's no better way to enjoy a First Saturday.

Check out photos from past First Saturday rides [here](#). And if you have photos of your own you want to share, don't hesitate to forward them to David at [dwpeterson01@yahoo.com](mailto:dwpeterson01@yahoo.com).

## Kudos to Dan & Elie Hall

Just returned from an amazing campout hosted by Dan and Elie at the Harris Beach camping resort—a truly lovely campground—with 30 attendees. Yes, the weather was unpleasantly cool, and most of the attendees huddled around the camp fire throughout Saturday; but the food and microbrew catered to the group camp site was professional and well organized—not to mention, delicious. The folks from **Misty Mountain Brewery** were friendly and motorcycle riders, too—though the food arrive in a truck so that tables could be set up with hot plate serving dishes—who were interactive with the group of BMWRO campers; not the traditional automaton that stands by in an apron and has the personality of a rock. **Mark and Hanna Camarillo** run a family business growing their own Cascade hops in the Winchuck River Valley and creating artisan beer. Check out their [Facebook](#) page for more information about this family business. They are new members!
